

Make sure that your AMD boxed processor is authentic.

Enjoy extraordinary performance and peace of mind when purchasing AMD boxed processors.

Each genuine AMD boxed processor includes:

- A high-performance AMD processor
- An AMD qualified heatsink/fan
- A three-year limited warranty

How do you know you're getting a genuine AMD boxed processor? Look for the holographic label on the bottom left corner of the packaging, and always purchase through an authorized AMD distributor or dealer.

For more information on security features for AMD boxed processors, or to report a non-authentic AMD processor, visit:

AMD Athlon™ 64 FX processor

The ultimate in PC processors

AMD Athlon 64 processor

*Leading-edge performance
with readiness for the
64-bit future*

AMD Sempron™ processor

*Great performance for
everyday computing*

Genuine AMD boxed processor packaging has a 3-D holographic label.

To confirm its authenticity, make sure your AMD boxed processor packaging has this 3-D holographic label in the bottom left corner. The number of dots on one side of the 3-D AMD logo will change when viewed from different angles.

For more information or to report a non-authentic AMD processor, visit: www.amd.com/PIBsecurity

3-D holographic label is also featured on authentic AMD Opteron™ boxed processor packaging.
